

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

measles, plague, scarlet fever, smallpox, typhus fever, and yellow fever, or of the bringing of the dead body of any person who has died of any such disease into such city, to give immediate notice thereof to this department. No person shall retain, or expose, or assist in the retention or exposure of, the dead body of any such person, except in a coffin or casket properly sealed; nor shall any person allow any such body to be placed in any coffin or casket unless the body has been wrapped in a sheet saturated with a proper disinfecting solution, and the coffin or casket shall then be immediately and permanently sealed. No undertaker shall assist in the public or church funeral of any such person. No undertaker shall use, or cause or allow to be used at any funeral, or in any room where the dead body of any person shall be, any draperies, decorations, rugs, or carpets belonging to or furnished by him or under his direction.

**Burial—Length of Time Body May Remain Unburied. (Reg. Bd. of H., Aug. 25, 1914.)**

*Resolved*, That section 165 of the Sanitary Code be, and the same is hereby, amended so as to read as follows:

SEC. 165. No person shall allow to be retained unburied the dead body of any human being for a longer period than four days, or where death has resulted from acute poliomyelitis (infantile paralysis), Asiatic cholera, diphtheria (croup), epidemic cerebrospinal meningitis, measles, plague, scarlet fever, smallpox, typhus fever, and yellow fever for a longer period than 24 hours, after the death of such person without a permit from the sanitary superintendent, an assistant sanitary superintendent, or the director of the bureau of infectious diseases, which permit shall specify the length of time during which such body may be retained unburied.

**Dead Bodies—Cremation—Issuance of Permit. (Reg. Bd. of H., Sept. 29, 1914.)**

*Resolved*, That section 167a of the Sanitary Code be, and the same is hereby, adopted so as to read as follows:

SEC. 167a. No permit for the cremation of the dead body of any human being, nor transit permit for such purpose, shall be granted by the department of health until an autopsy shall have been had, or until two physicians, one of whom shall be a medical inspector of the department of health, officially designated for the purpose, shall have, respectively, filed in the said department a certificate wherein the cause of death is set forth.

**Burial or Cremation—Permit Required. (Reg. Bd. of H., Sept. 29, 1914.)**

*Resolved*, That section 167 of the Sanitary Code be, and the same is hereby, amended so as to read as follows:

SEC. 167. No interment, cremation, or other disposition of the dead body of any human being shall be made within the city of New York without a permit therefor granted by the board of health, nor otherwise than in accordance therewith, and said dead body shall be placed in a metallic or tin-lined box, or a box so constructed as to prevent the issuance of any liquids therefrom; and no sexton or other person shall assist in, or assent to, or allow any such interment, or aid or assist about preparing any grave or place of deposit for any such body, or assist in the cremation of the same, for which such permit has not been given authorizing the same. And it shall be the duty of every person who shall receive any such permit to preserve and to return the same to the department of health as its regulations may require.
